

SPORE Workshop on Translational Research in Ovarian/GYN Cancers

NCI Shady Grove - Rockville, MD

May 3, 2016

Agenda

8:20 AM Welcome

Immunotherapy **Chair: Kunle Odunsi**

8:30	CAR T cells in ovarian cancer	Renier Brentjens
8:50	Overcoming immunosuppression in TCR-engineered T cell immunotherapy for EOC	Richard Koya
9:10	α DC1-sensitized CTLs for adoptive T cell therapy of ovarian cancer	Pawel Kalinski
9:30	Engineering adoptive T cell therapy for effective application to ovarian cancer	Philip Greenberg
9:50	Reprogramming hematopoietic stem cells for adoptive T cell immunotherapy in ovarian cancer	Kunle Odunsi

10:10 Break

10:25	Targeted coating with antigenic peptide renders ovarian tumor cells susceptible to CD8(+) T cell mediated killing	Chien-Fu Hung
10:45	Overcoming immune suppression in the ovarian cancer microenvironment	Keith Knutson
11:05	Modulating adaptive immunity in the tumor microenvironment to eradicate CIN2/3	Cornelia Trimble
11:25	Immunologic checkpoint blockade: lessons from other diseases	Jedd Wolchok
11:45	Therapeutic targeting of MUC16	Dmitriy Zamarin
12:05	Immunosuppression in ovarian carcinogenesis	Kirsten Moysich

12:25 PM Lunch

Highlights in Ovarian Cancer **Chair: Kirsten Moysich**

1:15	Combination therapy of JO and PEGylated liposomal doxorubicin in patients with ovarian cancer	Andre Lieber
1:35	State of anti-angiogenic therapies and adaptive changes	Anil Sood
1:55	Bis-benzylidene piperidones targeting proteasome ubiquitin receptor RPN13/ADRM1 as a therapy for cancer	Richard Roden

PARP Inhibitor-Based Therapy **Chair: Scott Kaufmann**

2:15	Mechanisms of PARP inhibitor sensitivity and resistance	Scott Kaufmann
2:35	PARP inhibitors- ovarian/endometrial cancers	Shannon Westin
2:55	SPORE-associated PARP inhibitor trials	Andrea Wahner Hendrickson

3:15 Break

Early Detection in Ovarian Cancer **Chairs: Nicole Urban & Robert Bast**

3:30	Multipronged approach to ovarian biomarker discovery for early detection	Sudhir Srivastava
3:50	Early detection in ovarian cancer	Robert Bast
4:10	Toward an efficacious and cost-effective protocol for early detection of ovarian cancer	Nicole Urban
4:30	Discussion	

5:10-5:40 Closing Remarks/Adjourn
