

**Department of Health and Human Services
National Institutes of Health
National Cancer Institute
Division of Cancer Treatment and Diagnosis
Cancer Therapy Evaluation Program
Pharmaceutical Management Branch**

The National Cancer Institute (NCI) is seeking highly qualified candidates for a **pharmacist position at the GS-13 or GS-14 level** within the Pharmaceutical Management Branch (PMB), Cancer Therapy Evaluation Program (CTEP), Division of Cancer Treatment and Diagnosis (DCTD), <https://dctd.cancer.gov>.

PMB provides pharmaceutical expertise and oversight supporting the national and international distribution and use of investigational anticancer agents in NCI-sponsored clinical trials. The Branch manages the distribution and accountability of investigational agents, supports investigator registration and agent authorization, and helps ensure compliance with applicable FDA requirements.

The selected candidate will provide pharmaceutical and clinical expertise supporting investigational cancer therapies. Responsibilities may include **reviewing clinical research protocols; providing expert guidance on investigational agents, dosage modifications, formulations, labeling, and drug information; coordinating investigational-agent supply and distribution; supporting Special Exception and other treatment-use protocols; collaborating with investigators and pharmaceutical partners; and providing technical oversight for activities supporting NCI-sponsored clinical trials.**

Candidates must possess the education and professional qualifications required for the federal **Pharmacist, 0660 occupational series**. Candidates with experience in **oncology, clinical research, investigational drugs, clinical trials, pharmaceutical operations, or regulatory requirements** are encouraged to express interest. The position requires strong analytical, communication, collaboration, and professional judgment skills.

This is an exploratory announcement to gauge interest and identify a potential candidate pool. It is not a vacancy announcement. A vacancy announcement (VA) to fill these positions will be posted on USAJOBS.gov at a later date.

Prospective candidates should submit a résumé and brief statement of interest to: **Matthew Boron, Acting Branch Chief**, Pharmaceutical Management Branch (PMB), Cancer Therapy Evaluation Program (CTEP) Email: boronm@nih.gov
